

Scope

Emotions: History, Culture, Society (EHCS) is a peer reviewed multidisciplinary biennial journal published under the auspices of the Society for the History of Emotions (SHE). *EHCS* welcomes theoretically informed work from a range of historical, cultural and social domains. We aim to illuminate (1) the ways emotion is conceptualised and understood in different temporal or cultural settings, from antiquity to the present, and across the globe; (2) the impact of emotion on human action and in processes of change; and (3) the influence of emotional legacies from the past on current social, cultural and political practices.

Ethical and Legal Conditions

The publication of a manuscript in a peer-reviewed work is expected to follow standards of ethical behaviour for all parties involved in the act of publishing: authors, editors, and reviewers. Authors, editors, and reviewers should thoroughly acquaint themselves with Brill's publication ethics, which may be downloaded here: brill.com/page/ethics/publication-ethics-cope-compliance.

Online Submission

EHCS uses online submission only. Authors should submit their manuscript online via the Editorial Manager (EM) online submission system at: editorialmanager.com/ehcs.

First-time users of EM need to register first. Go to the website and click on the 'Register Now' link in the login menu. Enter the information requested. During registration, you can fill in your username and password. If you should forget your Username and Password, click on the 'send login details' link in the login section, and enter your e-mail address exactly as you entered it when you registered. Your access codes will then be e-mailed to you.

Prior to submission, authors are encouraged to read the 'Instructions for Authors'. When submitting via the website, you will be guided stepwise through the creation and uploading of the various files.

A revised document is uploaded the same way as the initial submission. The system automatically generates an electronic (PDF) proof, which is then used for reviewing purposes. All correspondence, including the editor's request for revision and final decision, is sent by e-mail.

Double-blind Peer Review

The *EHCS* uses a double-blind peer review system, which means that manuscript author(s) do not know who the reviewers are and that reviewers do not know the names of the author(s).

When you submit your article via Editorial Manager, you will be asked to submit a separate title page that includes the full title of the manuscript, the names and complete contact details of all authors, the

Instructions for Authors

abstract, keywords, and any acknowledgement texts. This page will not be accessible to the referees. All other files (manuscript, figures, tables, etc.) should not contain any information concerning author names, institutions, etc. The names of these files and the document properties should also be anonymised.

File Format

Please upload source files such as .doc, and not .pdf files.

Contact Address

For any questions or problems relating to your manuscript please contact the editors at editemotions@gmail.com. Editorial Manager, authors can also contact the Brill EM Support Department at: em@brill.com.

Publication

Proofs

Upon acceptance, a PDF of the article proofs will be sent to authors by e-mail to check carefully for factual and typographic errors. In the event of a multi-authored contribution, proofs are sent to the corresponding author unless otherwise requested. Authors are responsible for checking these proofs and are strongly urged to make use of the Comment & Markup toolbar to note their corrections directly on the proofs. At this stage in the production process only minor corrections are allowed. Alterations to the original manuscript at this stage will result in considerable delay in publication and, therefore, substantial author's rewriting will be charged to the contributor in question. Proofs should be returned promptly.

E-offprints

A PDF file of the article will be supplied free of charge by the publisher to authors for personal use. Brill is a RoMEO yellow publisher. The Author retains the right to self-archive the submitted (pre-peer-review) version of the article at any time. The submitted version of an article is the author's version that has not been peer-reviewed, nor had any value added to it by Brill (such as formatting or copy editing). The Author retains the right to self-archive the accepted (peer-reviewed) version after an embargo period of 12 months. The accepted version means the version which has been accepted for publication and contains all revisions made after peer reviewing and copy editing, but has not yet been typeset in the publisher's lay-out. The publisher's lay-out must not be used in any repository or on any website (brill.com/resources/authors/publishing-books-brill/self-archiving-rights).
